Park View Island Sewer Rehabilitation

Project Advisory: Monday, February 13, 2023

What's Happening

The City of Miami Beach contractor, Vortex Companies, will be performing rehabilitation work on the gravity sanitary sewer pipes and manholes that service Park View Island. A sewer-grade lining will be installed on the inside of the existing sewer pipes to create an internal coat that extends the useful life of the sewers to ensure proper functionality of the sewer system in the area. The work is intended to take place through the access sewer manholes, no excavation is anticipated at this time.

This initiative is one part of the overall action plan to improve water quality within Park View Canal. To learn more and provide comments about the University of Miami assessment, recommendations, and actions, please visit www.mbrisingabove.com/waterquality.

Timeline

The rehabilitation work is scheduled to begin on Monday, February 13, 2023 and is expected to last six (6) weeks. Working hours are Monday - Friday from 8 a.m. - 6 p.m.

What to Expect

- **Please refrain from using water as much as possible between the hours of 8 a.m. to 6 p.m. Minimal bathroom usage is permitted**
- Crews, trucks and equipment will be on-site during this time accessing the manholes in the street, parking spaces, and on occasion in yards.
- Parking spaces adjacent to manholes will need to be accessed.
- **Please adhere to the "No Parking signs and refrain from parking in these spaces. Vehicles parked in "NO PARKING" spaces will be towed at the owner's expense.**
- Service will be interrupted while work is being completed in your area.

- If the property has a pump sump connected to the sewer system, please unplug it during the installation process.
