

# MIAMIBEACH

OFFICE OF THE CITY MANAGER

NO. LTC# **027-2023**

LETTER TO COMMISSION

TO: Honorable Mayor Dan Gelber and Members of the City Commission

FROM: Alina T. Hudak, City Manager 

DATE: January 23, 2023

SUBJECT: Park View Island Water Quality Community Workshop

The City of Miami Beach is committed to protecting and enhancing our environmental resources. The Environment and Sustainability and Public Works Departments will be hosting an interactive community workshop at the North Shore Park and Youth Center to review the findings and recommendations of the water quality assessment conducted by the University of Miami within the vicinity of Park View Canal.

**Tuesday, January 24, 2023 at 6:15pm**  
501 72 Street, Miami Beach, Florida 33141

During the workshop, University of Miami water quality experts and City staff will present the results of the study, work conducted to date, and recommendations to reduce the levels of fecal indicator bacteria in the Park View Island Canal. Participants will be encouraged to share their perspectives and ideas to address the sources of pollution. In addition, a draft of the final report will be provided for public comment (see Attachment A). The community feedback at the meeting and regarding the study will be gathered as additional components to be considered for the action plan.

If you have any questions related to the workshop please contact Amy Knowles, Chief Resilience Officer/ Director of the Environment & Sustainability Department, at [AmyKnowles@miamibeachfl.gov](mailto:AmyKnowles@miamibeachfl.gov) or Lindsey Precht, Assistant Director of the Environment & Sustainability Department, at [LindseyPrecht@miamibeachfl.gov](mailto:LindseyPrecht@miamibeachfl.gov).
